DiscussIT Topic 6: Where is our country headed?

Discuss IT Topic: Over the last week, our country has had growing concerns on immigration bans, border safety, and executive orders that remind us of issues that have been plaguing our country for years. Now that Trump has been elected President, there has been people threatening to blow up the White House, human right protests, and a plethora of other sensitive subject matters that are very compelling to individual groups of people. Why have these issues come up now as we head into a time in which it seems no one is going to be happy with the outcomes? Will this create a split in this country and place citizens against one another when it comes to their views? In your opinion, what other topics are at the forefront of concern? Explain...

Response: Please make sure all grammar, spelling, indentation, and punctuation is correct.

I feel that these controversies have come up lately because of how media influenced this election was. It might produce a tear in the country because of all the riots, protesting and threats happening. I feel the problems that are at the forefront of concern are the wall, the Muslim Ban, and also the Wet Foot, Dry Foot ban. As citizens of this country we should all accept and respect president Trump because he is our president no matter what. There should be no more arguing, rioting, and even protesting for the wrong cause, we should all just stop it and learn to love each other.
